Constructed in 2019 on the quaint island of Spanish Wells, Eleuthera, the owners have created a comfortable yet modern Key West style home. Complete with solar power and a 15,000 gallon cistern water tank, this home is ready for off grid living. The quartz countertops, stainless steel kitchen appliances and induction cooktop make preparing your evening meal an effortless and enjoyable pass-time. Entertain on any one of the 4 open air decks or on the foundation under the house complete with a bar and smoker. The additional storage building comes with the owners tools, lawn care and chest freezer. The interior of the home is cooled with Split Unit Air Conditions all powered by the solar allowing for low electric costs. The metal roof is rated for 155mph winds and does not mold. Roof trusses ...read more on our website.
