Come see this charming, geodesic dome with great elevations and widespread Atlantic views near Surfers Beach. This one bedroom, one bath home consists of 850 sf of interior living area, cozy and comfortable due to the efficient use of space and high ceilings. The bedroom is found in the upper loft which opens onto a deck. Enjoy outdoor living on both decks which add an addition 550 sf for recreation. Wake each morning to inspiring sunrises! Star gaze in the evening before drifting off to sleep with the sound of the surf! This off grid wood geodesic dome is built on a concrete block and stone foundation. It runs on a 12V solar system which is completely adaptable. A new fabric and elastomeric roof were replaced in 2021, along with new hurricane straps around the entire house foundation; the ...read more on our website.
