This home on Sears hill offers lots of possibilities and options. Its central location is ideal for a residential home or with the surrounding properties now being commercial, it could be converted to a commercial space. The house was added on to and fully renovated in 2015, and the floor plan currently offers a large open living dining and kitchen area plus 2 bedrooms and 2 bathrooms. The home comes furnished and is very pet friendly. Outside there is an awesome back deck and bar space making this home great for gatherings. The driveway is spacious and the property is fully enclosed with an electric gate. At the back of the property, there is ample garden space for kids and pets....read more on our website.
