Gekko House offers breath taking views of the water. It's recently built, never lived in and offers a blend of elegance, convenience, luxury and comfort on nearly 1 acre with 190 feet of sandy beachfront. Constructed of concrete to Bahamian/hurricane building code this house exudes quality and craftsmanship at every turn. It is fully furnished, central air-conditioned and ready to live in. The 4 bedrooms and 3.5 bathrooms are meticulously designed providing ample space for relaxation and rejuvenation, each with ocean and sunrise views. The open-concept living area, is adorned with 22 ft. cathedral ceilings of cedar from Ontario and, 3 massive Fir beams imported from British Columbia, Canada. Outside are 2 covered verandas, heated pool with seating all around a 2,500 sq. ft. pool deck sur...read more on our website.
