This multi-family lot is well positioned on Queenâ€™s Highway in the Bahama Sound 11 Subdivision of Great Exuma. It presents the perfect opportunity to develop a multifamily unit and capitalize on the strong long term rental market in The Exumas.
â€”
In Great Exuma, the short term rental market is incredibly profitable, and this has led to a lack of long term rental inventory due to investors capitalizing on the former. The islands economy is strong and demand for long term rentals are high as a result, so if you build it, it will be rented as their is a large deficit in required long term rental inventory.
â€”
The lot has city water and electricity access.
