This beautiful Balinese beach-front fixer upper is designed to take full advantage of the stunning panoramic views from its elevated position. This home features 100' of beachfront on the north side and 100' of rocky shoreline on the south side, this is a unique "sea to sea" property. The living room and bedrooms feature sliding "walls" that bring the outdoors in when opened and soak the rooms with natural light when closed. The Balinese roofline gives the owner ease of mind as it's designed to withstand hurricanes. The floors, walls, 600' expansive deck and cabinetry are all made from pressure treated wood and pickled for easy maintenance. An expansive 660 square foot deck on the north side overlooks the beach and creates an ideal outdoor area for dining under the stars or relaxing in the...read more on our website.
