This 5,000 square foot property in Joan's Heights includes an existing structure, while in need of repair, offers potential for those with a vision. Ideal for creating a multi-family property, like a duplex or triplex, this lot presents the opportunity to renovate or rebuild with some original elements possibly salvageable. In Nassau's competitive market for multi-family lots, this property stands out as an affordable option to develop and add value. Contact us today to explore its possibilities.....read more on our website.
