The Love Beach Walk Building 4, Unit #2 has been recently renovated with a modern look that showcases its spacious and open layout. This elevated condo features 1,425 square feet of natural light and offers breathtaking views of Love Beach. It comes with brand new appliances, including a stackable washer and dryer, and has two balconies overlooking the ocean and pool. One of the balconies is a large wrap-around that connects the dining room to the master bedroom, along with a two-car parking space. The apartment also comes with standby generator and 24 hour gated security. The area also has access to resorts, great restaurants, schools and convenient shopping, all just a short distance from the International Airport....read more on our website.
