A breathtaking and rare parcel of 4.347 elevated acres on soft pink sand, with 419 feet of Bahamian blue waters, is now available. Perfect for either an individual homestead or several rental villas, the ocean views from this quiet, expansive, elevated lot are exquisite. From the northern corner of the lot, there will be easy access to the beach with stairs, which are about 15 feet high. Then as the height becomes more elevated along to the southern corner, additional steps would be needed, perhaps with a platform containing tables and chairs to sit overlooking the ocean and have breakfast or a cocktail. In addition, this desirable property comes with concrete walls, underground electrical power, local water and a well. Sub division approval has been given. An acreage of extraordinary natu...read more on our website.
