Prime 8,599 sq. ft. multi-family vacant lot available for \$175,000, ideally located within a fully serviced subdivision. All major utilities are available on-site, including city water, electricity, cable television, telephone lines, and drainage via the subdivision's sewerage system. This level and ready-to-build lot offers excellent development potential for income-generating residential units. With a low monthly fee of just \$100, it's a smart investment in a well-connected and growing community....read more on our website.
