Cat Island is one of The Bahamas' most pristine and untouched gems, where much of the natural landscape remains beautifully preserved. From its crystal-clear waters to the lush greenery that lines every path, exploring this serene destination is an experience like no other. Stretching 48 miles long and home to two airports, Cat Island offers both accessibility and seclusion. Now, 250 acres of this unspoiled paradise are available - a blank canvas for a visionary developer to bring a distinctive project to life. Ideally situated in the northeast, the property is just a 20-minute drive from Arthur's Town Airport. It boasts an impressive 7,000 linear feet of stunning waterfront, mainly featuring soft sandy beaches interspersed with dramatic iron shore. There are nearly three miles of beach to...read more on our website.
