Prime Development Opportunity Large Tract of Land in Eastern New Providence An exceptional investment opportunity awaits with this tract of land strategically located in the highly sought-after eastern district of New Providence. Ideally suited for a multi-family residential development, this property offers both scale and location for investors or developers seeking a project with strong potential returns. Boasting convenient access to all essential infrastructure, including water, electricity, paved roads, and telecommunications, the land is development-ready. Its location places it within close proximity to schools, shopping centers, public transportation, beaches, and other key amenities, making it a desirable site for future residents. Whether you're planning a townhouse community, ap...read more on our website.
