Set on one of the most beautiful and sought-after beaches in The Bahamas, this well-priced, solidly built concrete home offers exceptional value and opportunity. With spacious oceanfront balconies, tall French doors, and roll-down shutters throughout, the home is perfectly positioned to take full advantage of the stunning sea views and cooling breezes. The home features bedrooms on both the ground and upper floors, each with ensuite bathrooms, providing flexibility and comfort for families or guests. The ground floor also includes a garage and a generous workshop area—ideal for DIY projects, storage, or creative pursuits. While the home could benefit from some TLC, it is fully livable and ready for its new owners to make it their own coastal retreat. The property itself is a rare find, b...read more on our website.
