This 6-acre waterfront parcel on Long Island, Bahamas, presents a unique opportunity for agricultural development and marine access. Ideally suited for farming, the land features fertile soil, open space, and direct access to fresh water sources nearby—perfect for cultivating crops or establishing a self-sustaining farm. With coastal frontage and calm, protected waters, the property also offers an ideal location for a private docking facility or small marina. Whether you're envisioning a farm-to-dock business, eco-resort with sustainable food production, or a private estate with boating access, this land offers both flexibility and functionality. Located in a quiet yet accessible area of the island, you'll enjoy the tranquility of nature with the convenience of nearby settlements, electr...read more on our website.
