3 Bed / 2 Bath Elevated Home | Built 2019 | Generator Ready |
Furnished Beautifully built 3-bedroom, 2-bath elevated home offering durability, efficiency, and comfort. Constructed in 2019 with a poured concrete upper floor, this home features 1,500 sq. ft. under air, plus extensive outdoor and utility space below. The master bedroom includes a private ensuite bathroom and a walk-in closet. Interior highlights include 9-foot ceilings with crown molding, central air conditioning and heating, and a laundry room upstairs under air—conveniently located within the main living area. The home is equipped with a whole-house 3-stage water filtration system, spray foam attic insulation for energy efficiency, and hurricane-rated windows and doors for peace of mind. Outdoor and bonus spaces include a...read more on our website.
