Positioned along the unspoiled shoreline of Turtle Cove on Long Island's near-south coast, this rare beachfront offering comprises three subdivided parcels – Lots 5, 6, and 7 – totaling 1.53 acres with 300 feet of direct water frontage, just steps from Dean's Blue Hole. Available together or individually, they represent one of the most flexible beachfront opportunities on the island. Dean's Blue Hole needs little introduction: the deepest ocean blue hole on earth at over 660 feet, a global landmark drawing freedivers and explorers from around the world. Turtle Cove itself is the quieter discovery – naturally sheltered by a protective point, calm waters, and sea turtles grazing the seagrass beds close to shore. The Bahamas at its most unspoiled. Whether you're envisioning an intimate ...read more on our website.
