This southern executive condo features one bedroom and one bathroom and was designed for comfort. With over 700 sq. ft of interior space, this spacious unit lacks nothing with a ceiling height of just under 11 feet. The open floor plan allows the flow of light from every direction through hurricane-impact windows. The generous master bedroom comfortably supports full-size furnishings and features a large closet and bathroom with a standup shower and tub. Sold partially furnished, this charming private, second floor hideaway sits in a small gated complex and includes a covered patio, a full-backup generator and two-car parking....read more on our website.
